25X1 5. [redacted] met with Carl Marcy, Senate Foreign Relations Committee staff, to discuss the hearings which the Committee has scheduled to begin on 14 July on the Dominican Republic situation. I told Marcy that the Agency wanted to cooperate with the Committee and that we were interested in his thoughts as to how we could best fit into the Committee's plans. Marcy said the situation was still quite fluid except that Thomas C. Mann, Under Secretary of State for Economic Affairs, had been scheduled to appear before the Committee on 14 July and that Cyrus Vance, Deputy Secretary of Defense, was scheduled to appear. Beyond that, Marcy said the Committee has made no definite plans. From a staff standpoint he assumes the Committee will want a briefing from the DCI but the Committee has not reached this point in its planning. (See Memo for the Record for details.)

25X1 6. [redacted] Delivered to Bob Michaels, House Appropriations Committee staff, a copy of the report on the "Audit of CIA Activities" as prepared for the Bureau of the Budget. Michaels was pleased to have this document. I also discussed with him the audit of JMWAVE expenditures which had come up during his visit to the station. Michaels has no problems with respect to this but is interested in obtaining some significant figures as to the volume of this audit. [redacted] Gutfel, Audit Staff. 25X1
(is working on this.)

25X1 7. [redacted] Met briefly with Charles Johnson, House Post Office and Civil Service Committee staff. In response to my query on the status of H.R. 8424, Government employees severance pay, Johnson said that this would be included in the general pay bill.
